

Dear SKA friends & colleagues

Please find below the latest industry-relevant news on SKA activities within Australia. Feel free to forward this email to any other interested parties.

.....

SKA news for Australian industry: 11 July 2006

1. The next Cluster event will be held in Adelaide on 1 August 2006 at the Defence Teaming Centre, Mawson Lakes:

Invites will be sent out from the cluster facilitator (GIC) to all members of this list, with full details of the event. We look forward to seeing many of you there.

2. Australian SKA Planning office – latest Newsletter

Newsletter #6 is now available and can be downloaded from www.atnf.csiro.au/news/aspo-newsletter

Highlights include:

* A report on results from the early deployment of antenna tiles for the Low Frequency Demonstrator 80-300 MHz telescope

* A report on the newly funded "Wildflowers in the Sky" astronomy education program to be conducted in regional WA schools.

Please feel free to distribute copies to colleagues who are interested in Australian SKA developments.

3. Australia Telescope Compact Array Open Day – Narrabri, 29 July 2006

Visit the most powerful radio array in the southern hemisphere and bring the family! There will be a special public open day of the Paul Wild Observatory on Saturday 29 July. See notice at www.narrabri.atnf.csiro.au for details.

4. Tenth Australian Symposium on Antennas

Please find attached the call for papers for the Tenth Australian Symposium on Antennas to be held in Sydney, 14-15 February 2007.

Feel free to forward this Call to your colleagues and/or post it on your Notice Board: Check the website <http://www.ict.csiro.au/asa> for further details which will be regularly updated.

5. xNTD Antenna Design project

An update on the process and timing of the tender will be circulated very shortly to this email list, and also posted on AusTender.

-----Items from previous emails still current -----

Australian SKA Cluster mapping project – short information brochure

A short overview of the project is now available as an A5 handout: copies can be freely downloaded from

www.atnf.csiro.au/projects/ska/industry_2.html/

You are receiving this email as you have previously expressed interest in industry-related SKA news and updates. If you wish to be removed from subsequent mailings please let me know.
