

I Got Another Guy

I don't know why I'm just with you

'Cause I'm the kind of girl that can satisfy two

(Refrain)

To your chagrin I got another guy

You're just not enough no matter how much you try.

It's just not enough you two and me

'cause I'm the kind of girl that can satisfy three.

Refrain

I'm sorry boys I've gotta have more

'Cause I'm the kind of girl that can satisfy four.

You gotta know that my body wants to thrive

'Cause I'm the kind of girl that can satisfy five.
