

You Had It All

You had it all

And you let it go

Now you want me back

But I don't want to know.

You can cry all you like

I won't change my mind

I've moved on

Left you behind.

We made love all through the nights

Bringing each other to new heights.

Remember all the things that we shared

Remember all the times that I cared.

You had it all

And you let it go

Now you want me back

But I don't want to know.

You can cry all you like

I won't change my mind

I've moved on

Left you behind.

I gave you everything I could

But you didn't appreciate it like you should.

I held your hand when you were sad

You just don't know what we had.
