

## Getting to the dinner venue

A minibus will be running from the workshop site to Aqua Dining.

Alternatively:

- By car/taxi:

The dinner venue is the spectacular 'Aqua Dining', located at the corner of Paul+Northcliff Streets, Milsons Point, Sydney. It is not an intuitive location to find, although the nearest notable landmark is the northern pylon of the Sydney Harbour Bridge (i.e. the pylon on the same side of the harbour as Chowder bay). A secondary landmark is the Luna Park fun park, easily locatable by it's famous enormous fluorescent face. The map on the following page shows the suggested route to Aqua Dining from Chowder bay.

- By public transport:

Aqua Dining is conveniently located for travel by Sydney train. If traveling from the city, simply take the 'northern line' (usually indicated by a YELLOW line on the rail maps), and disembark at the station called 'Milsons point'. It is approximately a 10 minute train ride from the 'Town Hall' station, and costs a few dollars for a one-way trip.

Once at the 'Milsons point' station, go downstairs and exit on the eastern side (i.e. the left side, if facing the direction of train travel from the city). Walk back towards the Bridge and look for 'Paul st'. Walk DOWNHILL along that street, and keep an eye out on the left for Aqua Dining. If you find you're walking back uphill, then you've gone too far.
