

I acknowledge the Gomeroi people, the Aboriginal traditional Owners of the land of the Paul Wild Observatory and pay my respects to Elders past, present and emerging. I recognise their connection to Country and their role in caring for and maintaining Country over thousands of years. May their strength and wisdom be with us today.

ATCA Update

ATUC October 2023

Jamie Stevens | 2023-October-23

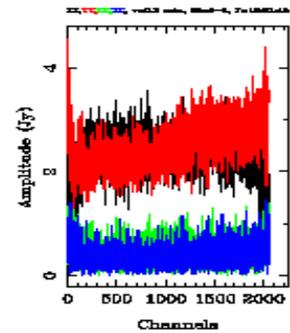

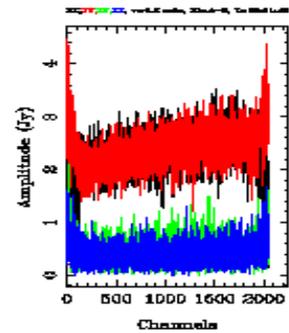

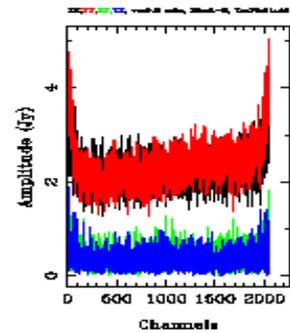

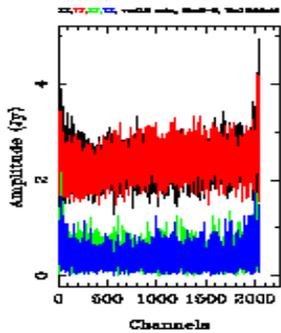

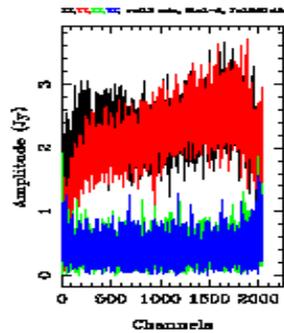

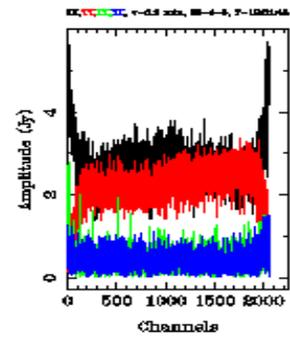

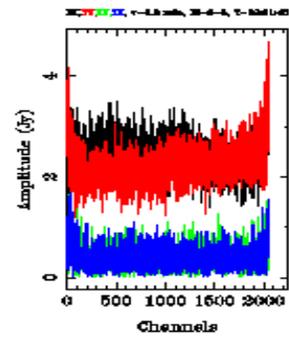

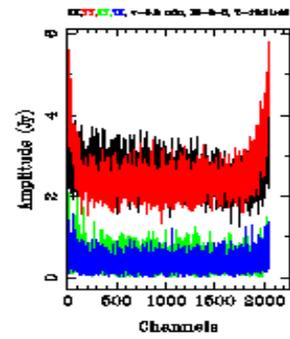

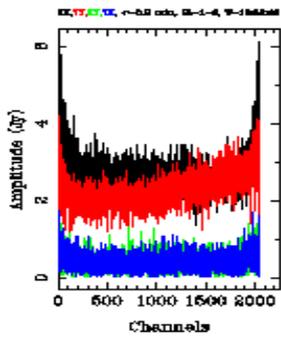

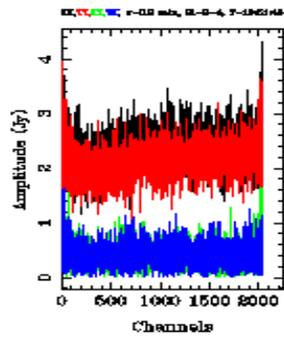

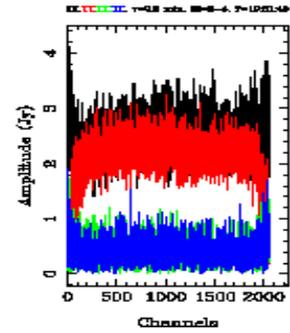

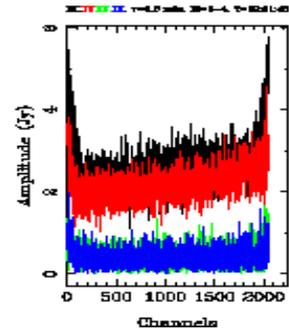

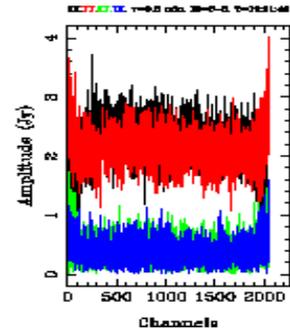

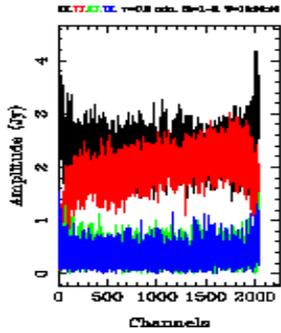

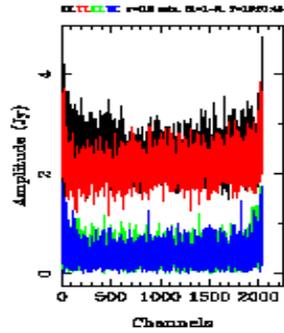

CABB Status

- Change to CABB status
 - 9 blocks (4 in IF1, 5 in IF2) are incapable of forming reliable zoom bands (cf. 4 bad blocks last meeting)
 - Continuum bands still producing reliable data
 - Pulsar binning mode remains unavailable
- 64 MHz zooms observations are scheduled in 2023OCT, are being affected by bad blocks
- VLBI mode scheduled and still working as expected
