<b>Activity/program</b> <i>Please list</i>	<b>Recommended age group/fitness level/ prerequisite skills</b>	<b>Staff accreditation/ competence</b> <i>for this activity/program</i>	<b>Potential risks</b> <i>List hazards/risks related to each activity/program and the venue</i>	<b>Control Strategies</b> <i>Outline strategies for ensuring visitor safety for this potential risk</i>
INTERNAL - Visitors Centre - static displays inside the centre on walls, display stands and also two theatrettes. Shop with Souvenirs, books, posters and science toys.	All ages from primary upwards No specific fitness requirements No skill prerequisites but basic literacy would improve interest	Staff are knowledgeable about displays, competent in visitor information services and have all received safety training relevant to the site	INTERNAL: Premises is established for the purpose intended. Risks are as for any internal display centre - accidental trips, bumps into displays etc	General supervision required. Requires user care in use of furniture and fittings. There are self closers on the doors so users should be aware of this re risk of pinching.
EXTERNAL -Visitors Centre - review of static and interactive displays in grounds and also to view the "Dish" from the grounds.	All ages from primary upwards No specific fitness requirements No skill prerequisites but basic literacy would improve interest	Prior arrangement required to have staff available. They are knowledgeable about displays, competent in visitor information services and have all received safety training relevant to the site	EXTERNAL: Sun - but plenty of shaded areas are available. Some displays resemble climbing equipment but this is not intended function and not set up with safety precautions for climbing purposes. Bushfires - rural area	General supervision required. Recommend all visitors come prepared for the heat and exposure to elements such as wind, rain, sun in summer, cold in winter etc. Use of sunblock and mosquito repellent recommended. Hats, sunglasses, long sleeved clothing and sunglasses also reduce the risk from UV exposure. Drinking water is available and drinks may be purchased from the cafe. Anyone with allergic reaction to bites eg bull ants or bees etc should take special precautions as 20km away from hospital facilities.

			<p>so there is a fire risk during the season.</p> <p>Insects - rural area.</p> <p>Snakes and spiders may be present under displays, in toilet areas and/or in the grounds.</p> <p>Kangaroos on road leading to the centre</p> <p>Slips, trips and falls as being outside - the ground may be uneven in places.</p> <p>Small number of steps on site.</p> <p>Access after hours is at own risk.</p>	<p>Visitors to be warned not to touch or approach insects, snakes, or other wildlife. Due care is required in the grounds around the displays and in the toilets in case snakes and spiders may be present. Maintenance does strive to reduce this risk. Visitors are requested not to access the gardens around displays for this same reason. Care is required on the couple of steps up to the "whispering telescope" interactive display to prevent falls. Visitors are requested to observe "no climbing on displays" unless they are marked as specifically intended for this purpose. Wearing of closed in low heeled shoes is recommended to avoid slips and trips on any uneven outside grounds. Access is prohibited to some areas outside the Visitors Centre as marked by signage. Adherence to such "prohibited or limited access" signs and any other safety signage is required by all visitors. Any access to grounds after hours is at user own risk as CSIRO staff will not be present.</p>
