

v293a

[Observers Wiki](#)

Correlation notes

Correlated with DiFX-1.5.1

IDI FITS file: V293A.0.FITS

Used station positions from SCHED (except for ATCA). Check against latest version of SCHED as some positions not up-to-date. Ceduna has an offset of a couple of metres. This will affect phase-referencing. Can be fixed in AIPS with task CLCOR.

Flag File: [v293a.uvflg](#)

Analysis Notes

New correlator uses positions from SCHED by default. Some stations not up-to-date in version of SCHED used for these observations. For phase referencing, check station positions - update using AIPS task CLCOR.
