Logistics

There is only one airport in Jeju island. Please reserve your flight ticket up to Jeju international Airport (CJU). There are many direct connections to Jeju airport from major cities in Japan, China and Korea. If you want to come to Jeju through Incheon Airport (ICN; a hub airport in Korea), then you should go from Incheon Airport to Gimpo Airport (GMP). Gimpo Airport is a domestic airport where there are many flights to Jeju Airport. Probably the easiest way to go from Incheon to Gimpo is to use Airport Railroad. It takes about 30 minutes and costs 3,850 KRW (about 3.5 USD). You may get more information on Airport Express at http://www.airport.kr/iacms/pageWork.iaa?_scode=C1203020000. There is only one Korean Air flight per day directly going from Incheon to Jeju (KE1423 departure 19:05 everyday). If you can catch the flight, then it may be convenient for you.

If you take a bus, it takes about 80 minutes from Jeju Airport to Seogipo KAL Hotel. It costs 5,000 KRW. You need not reservation in advance. You may have more information on transportation from the Jeju Airport to Seogipo KAL Hotel, <http://www.kalhotel.co.kr/en/seogwipo/About/Location.aspx>.

It takes about 30 minutes from Seogipo KAL hotel to the KVN Tamna site by a bus. A minibus with a sign "DiFX Users Meeting" will be waiting for us in front of the main entrance of the KAL hotel. The bus will leave on 8:40 every morning. In case you miss the bus, please take a taxi with the following introduction [taxi_instruction.pdf](#) written in Korean for a taxi driver.

Visas

Visitors who plan to stay in Korea less than 90 days can enter the Korea without VISA. Even Chinese come to Jeju island without VISA. Please check whether you need a VISA at http://www.mofa.go.kr/ENG/visa/application/index.jsp?menu=m_40_10. If you need an invitation letter for your VISA, please request Jongsoo Kim through email, jskim@kasi.re.kr.
