

# Deprecated Code

The following branches etc have been removed from the active SVN repository. If you wish to retrieve any of this code:

```
svn up -r <rev> <path>
```

where <rev> is the subversion of the path to use (use the number in the table below) and <path> is the full subversion path (replacing the . in the rows below with

<https://svn.atnf.csiro.au/difx>)
