

Problem mounting xraid disc set at first. Some discs not formatted, Jaimie Stevens fixed this. After changing DAS profile I forgot to do "setup", so didn't get fringe check. Finally got coherence here and fringes to elsewhere. Started recording at approximately 00:05 UT 222 DOY. Recording to disc labeled CURT V012 A1. Weather is fine and cold with a clear blue sky. Observer, Warren Hankey, UTAS.
