Note added on 2 Oct 2011: log files for this experiment (tsys, 70m flag table, PC-field system log, and weather info files) have been uploaded to the incoming ftp area. Flag table for DSS-34 is not available.

Note added on 9 Oct 2011: As it turned out the 34m tsys file uploaded, v278bti\_dss34\_lcp.tsys, is based on a wrong file where is no overlap with the observation. A correct file v278bti\_dss34\_lcp\_dcc5.tsys has just been uploaded. Please use this file instead. Thanks PI for pointing out the error.
