

X-raid disks used HO1_8 - HO1_14

The log from experiment vt10c3 has been copied to: ftp.atnf.csiro.au:/pub/people/vlbi/incoming/

ANTAB and UVFLG files have been copied to the same place.

There was a problem because the old BG3 adapter card was used initially instead of the 3 head BG3 cable. We shall hide the old adapter away.
